ABSTRACT

This abstract covers the breadth of higher education activities in the state of North Carolina during 1971 from simple counts of degrees conferred to a complex analysis of the flow of student transfers among institutions. Some of the highlights of the findings are: (1) 148,708 full-time students were enrolled in N.C. colleges and universities with 66.6% of these enrolled in public institutions; (2) more than 9,700 new undergraduate transfer students were enrolled in public and private institutions; (3) 19,851 bachelor's degrees were granted, an increase of 1,261 over 1970; (4) first professional degrees increased 11% over 1970, master's degrees increased by 8%, and doctorates increased 14%; (5) the percentage of full-time faculty with doctor's degrees varied from 67.7 to 20.7 among senior institutions; (6) the total library expenditures for the fiscal year were $19,083,394; (7) public and private senior institutions enrolled 62,229 persons in noncredit extension courses; (8) the median SAT scores for entering freshmen were 455 on the verbal and 493 on the mathematical test; (9) financial aid at all institutions varied greatly with averages per recipient ranging from $148 to $1,193; and (10) almost one-half of all students at public institutions were housed in college-owned residence halls. STATISTICAL ABSTRACT OF HIGHER EDUCATION IN NORTH CAROLINA, 1971-1972

APRIL 1972
NORTH CAROLINA BOARD OF HIGHER EDUCATION

SUMMARY HIGHLIGHTS

1. CURRENT ENROLLMENT - In fall 1971 a total of 148,708 full-time students were enrolled in North Carolina colleges and universities. Of this total 99,072 students (66.6 percent) were enrolled in public institutions, as opposed to 49,636 (33.4 percent) in the private institutions.

2. ENROLLMENT TRENDS - The total 1971 college enrollment increased by 5.8 percent over the 1970 figure. The enrollment in the public institutions increased 7.0 percent while the enrollment in the private institutions increased 3.6 percent.

3. UNDERGRADUATE TRANSFERS - More than 9,700 new undergraduate transfer students were enrolled in North Carolina colleges and universities, public and private, in fall 1971. This represented a 7.8 percent increase from the fall 1970 figure.

4. DEGREES CONFERRED - The number of bachelor's degrees granted by North Carolina colleges and universities during the year ending June 30, 1971, increased from 18,590 to 19,851. Similarly, first professional degrees increased 11 percent, master's degrees increased 8 percent, and doctor's degrees increased 14 percent.

5. FACULTY AND STAFF - In fall 1971 the percentage of full-time faculty with doctor's degrees varied from 67.7 to 20.7 among public senior institutions.

6. LIBRARY RESOURCES - The total library expenditures for the public institutions for the 1970-71 fiscal year was $11,340,980, while the expenditures for the private institutions was $7,742,414.

7. EXTENSION ACTIVITIES - Public and private senior institutions enrolled 62,229 persons in noncredit extension courses during the 1970-71 academic year.

8. STUDENT COSTS - Tuition charges for the 1971-72 academic year for North Carolina students attending public senior institutions range from $150 to $450. The range for North Carolina students attending private senior institutions is from $600 to $2,300. Tuition and required fees for North Carolina residents in 1971-72 rose 4.3 percent over the 1970-71 period in public senior institutions and 8.2 percent in private senior institutions.

9. ADMISSIONS - The median Scholastic Aptitude Test score of entering freshmen in public senior institutions in fall 1971 was 455 on the verbal test, reflecting a slight change from last year's score, and 493 on the mathematical test, decreasing seven points from last year's score, for a combined score of 948.

10. STUDENT FINANCIAL AID - Financial aid (loans, scholarships, etc.) at all institutions varied greatly with averages per recipient ranging from $148 to $1,193.

11. STUDENT HOUSING - Nearly one-half of the total students in public senior institutions were housed in college-owned dormitories in fall 1971. This ratio has fallen considerably since 1960, when almost 70 percent of total enrollment was housed in residence halls.

12. FINANCIAL STATISTICS - The current funds revenue from tuition and fees in public and private senior institutions in 1970-71 totaled $83,840,361. While 46 percent of the current funds revenue in private senior institutions came from student tuition and fees, only 10 percent of this revenue in public senior institutions came from student tuition and fees.

PREFACE

The State Board of Higher Education herewith presents its fifth annual Statistical Abstract of Higher Education in North Carolina. The Abstract covers the breadth of higher education activities in the state from simple counts of degrees conferred to a complex analysis of the flow of student transfers among institutions. The information should be useful to planners and decision-makers in the colleges and universities, state agencies, and other concerned and interested organizations and individuals. It is hoped that the information will assist in the effective utilization of resources allocated to higher education.

The data for the Abstract were assembled by the research staff of the Board of Higher Education under the direction of Dr. John B. Davis from information supplied by the colleges and universities. I especially wish to acknowledge the work of Mrs. Linda Balfour of the Board staff for her meticulous care in preparing the tables. Acknowledgment is also due to assisting officials at the institutions, public and private, for their continuing and wholehearted cooperation. To all I express my sincere appreciation.

J. Lem Stokes, II
Acting Director of Higher Education

SECTION I

CURRENT ENROLLMENT

A grand total of 148,708 students were enrolled in North Carolina institutions of higher education in the fall of 1971. The detailed characteristics and numbers of these enrolled students appear in this section.

The percent enrolled in public institutions rose to 67 percent (from 66 percent in fall 1970), while the percent enrolled in private institutions fell from 34 percent to 33 percent. It should be noted, however, that private enrollment increased by 1,748 students.

The general characteristics of college enrollment by public and private institutions are illustrated in Figure 2 and Table 1. The detailed data by institution are presented in Tables 2, 3, and 4 while Table 5 gives statistics on full-time equivalent (FTE) enrollment, thus accounting for part-time students.

The home counties of in-state undergraduate students are presented in Table 6 by type of institution. Table 7, similarly, shows the home states of out-of-state undergraduate students by type of institution. Comparable data by institution are contained in Tables 8 and 9. In addition, Figure 3 and Table 10 present other information on geographic origin of undergraduate students.

The enrollment of graduate and first professional students is presented by sex and residence in Table 11. Data on graduate students by field of study are shown in Tables 12 and 13. Summer session statistics are shown in Table 14. Foreign student enrollment figures are given in Tables 15, 16, and 17. The information includes the country of origin and the percent of foreign students by institution.

SECTION II

ENROLLMENT TRENDS

Total enrollment in North Carolina colleges and universities increased from 4,698 students in 1900 to 148,708 in 1971. The growth was interrupted during the period 1948 to 1951 when the enrollment dropped from 46,039 to 40,708. Since then the upward growth has been steady, more than tripling the 1951 enrollment. High birth rates, increasing disposable income, and rising aspirations of citizens for higher education have accounted for much of the upsurge in enrollment following World War II. Since 1965 when the annual rate of increase in enrollment reached a peak, the numbers have continued to rise but at a slower rate.

Time series data on total enrollment are presented in Table 18. The number of students by institution as well as the varying rates of increase among institutions is shown in Figure 4 and Table 19.

Trends by in-state and out-of-state residence status are shown in Figure 5 and Tables 20 and 21. Enrollment in graduate and first professional degree programs (Table 22) show an increase over fall 1970 of 7.1 percent in public institutions and 7.5 percent in private institutions. Trends in county origin of in-state undergraduates and foreign student enrollment are given in Tables 23 and 25, respectively. Also, trends in state origin of out-of-state undergraduate students are shown in Table 24. Virginia, South Carolina, New Jersey and Pennsylvania, in that order, are the leading exporters of students to North Carolina institutions.

SECTION III

UNDERGRADUATE TRANSFERS

The information in this section relates to undergraduate students who transfer from one institution to another within the state and from institutions in other states to North Carolina institutions. Transfers from North Carolina to other states are not included. Information on transfers to institutions by type for a six-year period is presented in Table 26.

Figure 6 shows the flow of transfers between and within each of the four types of institutions in the state and from institutions in other states in fall 1971. The actual number by sex is shown in Table 27. A comparison of the flow of transfers with its counterflow reveals that the community colleges received nearly as many transfers (1,776) as they sent to other types of institutions (1,842). The public senior institutions received more than twice as many transfers from private senior colleges (686) as they sent to private senior colleges (397).

Detailed information on the origin and destination of transfers in the state is presented in Table 28 (from two-year to senior institutions), Table 29 (among senior institutions), Table 30 (from senior to two-year colleges), and Table 31 (among two-year institutions). From the data in these tables, a comparison of the numbers of in-transfers and out-transfers of any given institution can be made. Transfers from other states to various types of North Carolina institutions are shown in Table 32. About one-half of the out-of-state transfers emanate from the neighboring states of Virginia, South Carolina, Georgia, Tennessee, and Florida.

SECTION IV

DEGREES CONFERRED

This section reports on earned degrees conferred by North Carolina senior colleges and universities during the 12-month period ending June 30, 1971. The information pertains only to bachelor's or higher degrees. It does not include degrees or certificates awarded upon completion of less than four years of work beyond high school.

North Carolina public and private senior colleges conferred the largest number of degrees in their history during 1970-71. Figure 7 and Table 33 show that a total of 24,754 degrees (19,851 bachelor's, 747 first professional, 3,433 master's, and 723 doctor's) were conferred by the senior institutions of higher education. This represents an increase of 1,668 degrees (or 7 percent) over the number granted during the previous year. The public institutions conferred 62.7 percent of the bachelor's degrees, 39.8 percent of the first professional degrees, 87.6 percent of the master's degrees and 69 percent of the doctor's degrees.

A comparison of public and private institutions in degree production by field of study and by degree type is presented in Table 34. This comparison at the bachelor's level is depicted in Figure 8.

More detailed data by institution, sex, and field of study are presented in Table 35 on bachelor's degrees, in Table 36 on first professional degrees, in Table 37 on master's degrees, and in Table 38 on doctor's degrees.

SECTION V

FACULTY AND STAFF

Characteristics of faculty and staff in North Carolina senior institutions of higher education are presented in this section. The number of employed personnel by primary function and status of employee is shown in Table 39. All professional employees are classified by full-time status under seven categories in this table.

Academic rank and highest earned degree of full-time faculty are given in Tables 40 and 42. Figures 9 and 10 depict the percent distribution of academic rank over recent years and percent of faculty with doctor's degrees, respectively.

Table 41 contains data on the sex distribution of full-time faculty by academic rank and institution. Of 3,886 total faculty employed by the six branches of the University of North Carolina, 637 were female (16.4 percent). Conversely, about 32 percent of all faculty was female at the nine regional universities, and about 23 percent at the private institutions.

Replacement and retention facts concerning full-time faculty from fall 1970 to fall 1971 are presented in Table 43. Salary information about faculty members by sex in public and private institutions is shown in Tables 44 and 45.

SECTION VI

LIBRARY RESOURCES

This section concerns library resources of North Carolina colleges and universities for 1970-71. A bound volume is defined, for statistical purposes, as a physical unit of any printed, typewritten, handwritten, mimeographed, or processed work contained in one binding or portfolio, hardbound or paperbound, which has been classified, catalogued, or otherwise prepared for use. This includes bound periodical volumes and all nonperiodical government documents.

Table 46 shows the number of bound volumes and other resources in the library of each institution. Numbers are given for the public and private senior colleges and universities, community colleges, private junior colleges, Bible colleges, and a seminary.

Table 47 shows the total library operating expenditures of each of the colleges and universities. The expenditures include wages and salaries, purchases of books and other printed materials, purchases of audiovisual and other nonprint materials, binding and rebinding, and other items.

SECTION VII

EXTENSION ACTIVITIES

The extension activities of 13 public senior and 11 private senior institutions are described in this section. The public institutions include the six campuses of the University of North Carolina at Asheville, Chapel Hill, Charlotte, Greensboro, Raleigh, and Wilmington and seven regional universities, Appalachian, East Carolina, Elizabeth City, North Carolina Agricultural and Technical, Pembroke, Western Carolina, and Winston-Salem. The 11 private institutions are Atlantic Christian, Duke, Elon, Greensboro, Guilford, Lenoir Rhyne, Meredith, Pfeiffer, Queens, St. Augustine's, and John Wesley.

Definitions for extension activities are those used by the U. S. Office of Education. These definitions are reprinted as Appendix B. For the purpose of this report extension activities are classified into three broad categories: 1) degree credit, 2) nondegree credit, and 3) noncredit extension.

Table 48 shows the number of student registrations in degree credit extension by field of study during the 1970-71 academic year. Table 49 gives information on nondegree credit extension (these courses may carry diploma and/or certificate credit). Table 50 presents information on noncredit extension activities such as conferences, institutes, and workshops.

SECTION VIII

STUDENT COSTS

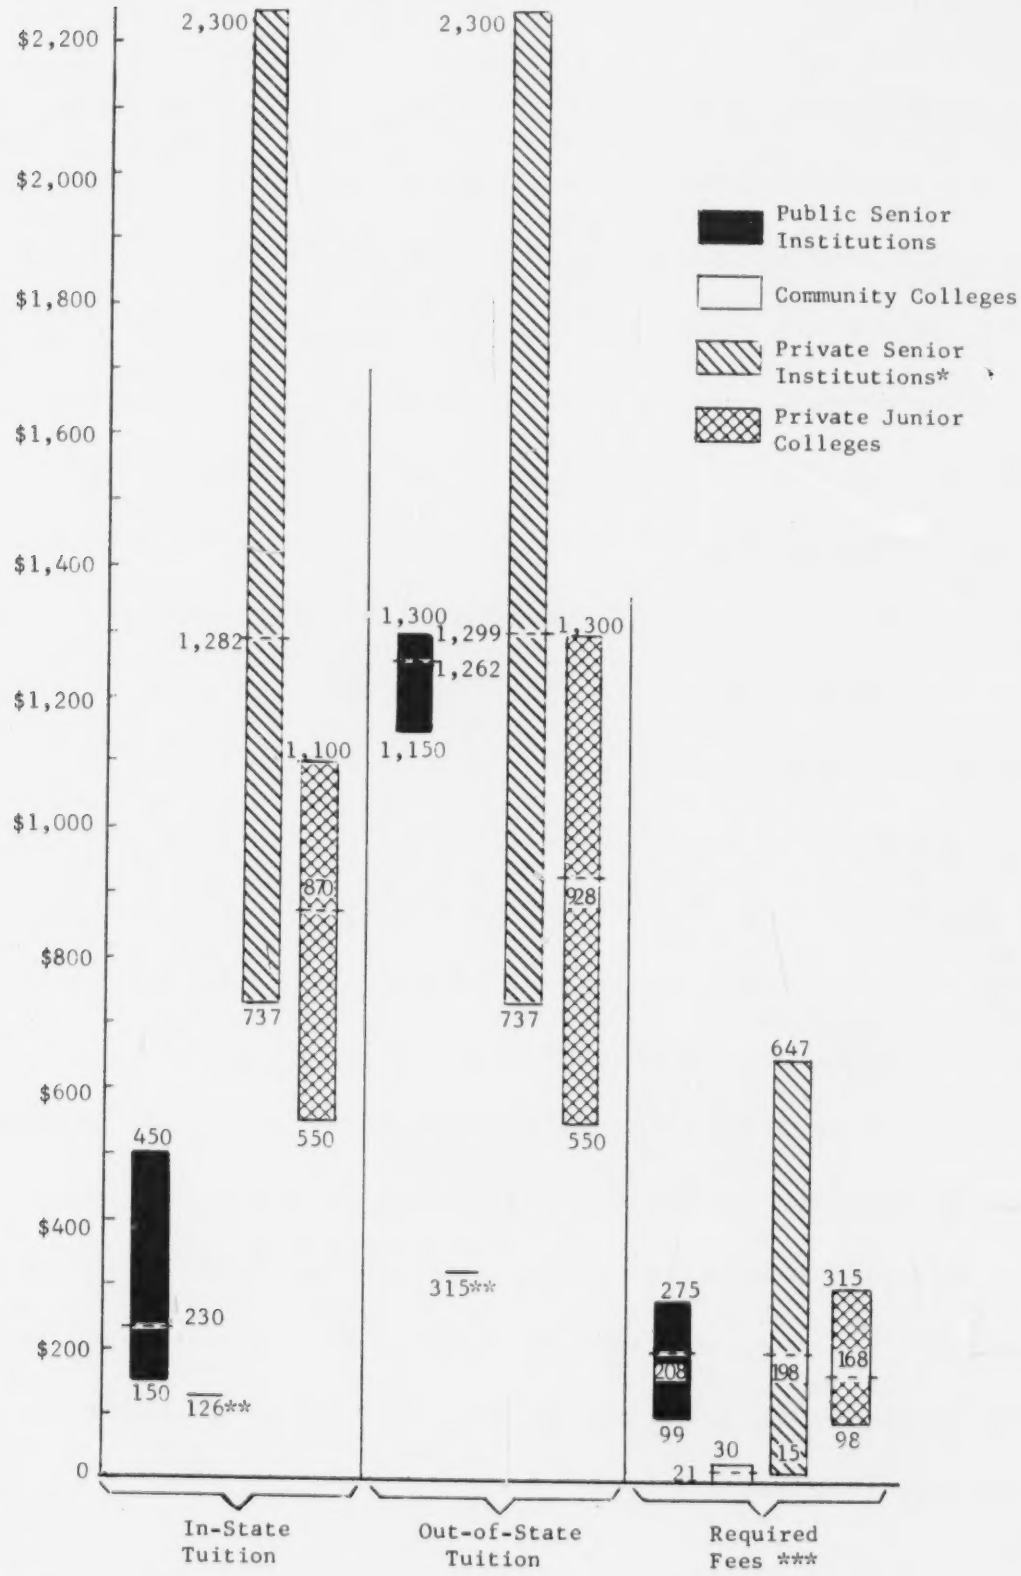
Basic student costs at all North Carolina colleges and universities for the 1971-72 academic year are described within this section. Costs are computed on an annual basis for full-time students for the regular academic year, excluding summer session(s).

Table 51 describes combined total tuition and required fees for all institutions for the 1968-69, 1969-70, 1970-71, and 1971-72 academic years. Public senior colleges and universities increased in-state tuition and required fees by 4.3 percent and out-of-state by 37.6 percent over the previous year, while private senior institutions showed an 8.2 percent in-state increase and an 8.5 percent out-of-state increase.

Table 52 shows tuition, required fees, room, and board by institution. Ranges of tuition and required fees at various types of institutions are shown in Figure 11. A detailed listing of fees is shown in Table 53. Fees for special programs are presented in Tables 54 and 55.

The total cost of attending college includes travel and personal expenditures in addition to the costs reported in Table 52. Beyond these costs, students also give up the opportunity to be fully employed when they attend school on a full-time basis. The income which students forego while in school is included by many writers as an indirect component of the total costs.

Figure 11. Ranges of Tuition and Required Fees Charged to Students in North Carolina Colleges and Universities, 1971-72



NOTE: Dotted lines represent averages.
* Excludes seminary and Bible Colleges.
** All Community Colleges charge the same tuition rate.
*** Western Carolina University is the only institution in the state with a required fee differential ($231 for in-state and $255 for out-of-state students).

SECTION IX

ADMISSIONS

This section presents information concerning the academic ability of entering freshmen (as measured by standardized tests), the number of applications, acceptances, and enrollees at public senior institutions.

Table 56 shows the average Scholastic Aptitude Test (SAT) scores of entering freshmen from 1962 to 1971. The average score for 1971 has in general remained stable or decreased slightly over the preceding year (see Figure 12). Institutional combined averages (verbal and math) of SAT scores ranged from 665 to 1,116 in fall 1971. The frequency distribution of SAT scores by institution is given in Table 57. In general, mean scores are slightly higher than median scores, depicting a small positive skewness.

Table 58 shows the high school class rank of entering freshmen in fall 1971. The percentage of entering freshmen ranking in the top fourth or fifth of their high school class ranged from 82 percent at one institution to 9 percent at another institution.

Figure 13 and Table 59 show the number of freshman applications, acceptances, and enrollees. It is assumed that total applications is an overestimate of total applicants, given the likelihood of applicants to apply to more than one school. Table 60 gives the same information for transfer students.

SECTION X

STUDENT FINANCIAL AID

This section presents information concerning financial aid to students at public senior, private senior, and private junior colleges and universities in North Carolina.

The summary of student financial aid in this section has been revised to accommodate information on institutionally administered sources additional to that presented in previous editions of the Statistical Abstract. The revision expands the former data base in several ways: it reports 1) undergraduate college work-study and other employment expenditures of private senior and private junior institutions in North Carolina (see Table 61); 2) student aid expenditures for professional students (dentistry, medicine, law) at public as well as private institutions (see Table 64); and 3) student aid expenditures for graduate students at public and private institutions (see Table 65).

Table 62 shows a breakdown of athletic and nonathletic scholarships awarded during the fiscal year 1970-71 for both public and private institutions. Students on athletic scholarships at public institutions received an average of $1,072 per student, whereas those on nonathletic scholarships received about $400 per student.

Table 63 lists loans granted to undergraduate students. Over $10 million in loans were granted to students during fiscal year 1970-71, for an average of $522 per recipient.

Not included in this section are sources of assistance such as Social Security, G.I. Bill benefits, and other programs which are funded and administered by agencies other than the institution itself.

SECTION XI

STUDENT HOUSING

Pertinent information on the student housing situation in public senior institutions in North Carolina is contained in this section.

General trends in dormitory facilities and their utilization are shown in Figure 14 and Table 66. Scrutiny of the data shows that occupancy was near normal capacity for fall 1971. Even though occupancy was near normal for most of the institutions, the percent of total enrollment residing in dormitories has continued to decline, a trend that has been noted since 1960. It reached the lowest level (45.7 percent) in 1971.

Enrollment by type of student housing is shown in Table 67. Seven of the 16 public senior institutions have a utilization percentage in excess of 99 percent while six of these institutions have a utilization figure of less than 95 percent. Since 1968 percentage occupancy for all public senior institutions combined has increased from 97.1 to 99.4 percent in 1971.

SECTION XII

FINANCIAL STATISTICS

Financial data pertaining to public and private institutions in North Carolina are presented within this section. The time period for this data is the 1970-71 fiscal year, ending June 30, 1971. The ending date varies somewhat among private institutions.

Table 68 presents current funds revenue by source by institution. Total revenue from all sources increased by 13 percent for public senior institutions, from $292 million in 1969-70 to $330 million in 1970-71.

Tuition and fees in private senior institutions accounted for 46 percent of total current funds revenue, an increase of 19 percent over the previous fiscal year. Only 10 percent of total current funds revenue came from tuition and fees in public senior institutions for the 1970-71 fiscal year.

Table 69 shows current funds expenditures by institution during the 1970-71 year. The expenditures include such items as instruction and departmental research, sponsored research, extension and public service, libraries, physical plant maintenance and operation, student aid grants, and auxiliary enterprises.

DEFINITIONS OF TERMS

The definitions below are intended to facilitate the better understanding of information presented in this report. These are selected from the Board's reporting forms and the U. S. Office of Education's Higher Education General Information Survey forms. Some specific definitions appear as footnotes in appropriate tables.

1. ENROLLMENT, unless otherwise noted, refers to the head-count resident-credit enrollment. The resident-credit enrollment includes full-time and part-time students enrolled in courses basic to or creditable to a bachelor's or higher degree. This excludes students in extension, correspondence, adult education, audited courses, short courses, and those enrolled for individual lessons only.

   Undergraduate includes students who have not completed a full four-year program or its equivalent and also students in a five-year bachelor's program. This classification includes students in junior and community colleges in programs transferable to four-year institutions.

   First Professional includes students who are in a professional school or program (law, medicine, dentistry, theology, etc.) which requires at least two or more academic years of previous college work for entrance.

   Graduate includes students who have attained at least one standard bachelor's degree or first professional degree and who are or might be candidates for a master's or doctor's degree.

   Entering Freshmen include new students who have no college credits prior to the immediately previous summer sessions.

   Full-Time Student includes students enrolled in credits equal to at least 75 percent of the normal full-time load. Normal full-time load is the number of credit hours required for graduation divided by the number of semesters or terms normally required for graduation.

   Part-Time Student includes students enrolled for less than 75 percent of the normal full-time load.

   FTE (Full-Time Equivalent) of Part-time Students is the total number of credit hours of part-time students divided by the normal full-time load. Recognition is made of variations in full-time load for different program levels.

   In-State Students are those whose legal residence, as determined at the institution, is in North Carolina.

Out-of-State Students are those whose legal residence, as determined at the institution, is in a state other than North Carolina or in a foreign country.

2. TRANSFER refers to students transferring to North Carolina institutions who have college credits from other institutions in a previous regular session(s). A former student transferring back to his original institution after attendance at another institution is not classified as a transfer.

3. DEGREES in this report refer to earned degrees conferred (not honorary). Specifically the following degrees are included:

Bachelor's Degree requires successful completion of at least four but not more than five years of academic work.

First Professional Degree signifies the completion of the academic requirements for a selected profession, which is based on an educational program requiring at least two academic years of previous college work for entrance and which requires a total of at least six academic years of college work for completion. Examples of first professional degrees are the Bachelor of Laws (LL.B.), Doctor of Dental Surgery (D.D.S.), and Doctor of Medicine (M.D.) degrees.

Master's Degree is customarily granted upon successful completion of one (sometimes two) academic years of work beyond the bachelor's degree.

Doctor's Degree includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Doctor of Philosophy in any field.

4. FACULTY refers to the professional personnel employed in colleges and universities who are primarily assigned to resident instruction and departmental or organized research. This does not include other professional personnel in library, auxiliary enterprises, and public service activities.

5. EXTENSION ACTIVITY is defined in this report as any on- or off-campus instructional, research application, or public service activity sponsored by the reporting institution which is in addition to the regular on-campus instructional and research activities provided for the regularly enrolled, on-campus, degree candidate.

Credit Extension includes students in extension courses which are creditable toward a bachelor's or higher degree, an associate degree, a certificate, a diploma, or other formal award.

Non-Credit Extension includes students in other than credit extension.

The purpose of the North Carolina Board of Higher Education "shall be . . . to plan and promote the development of a sound, vigorous, progressive, and coordinated system of higher education in the State of North Carolina."
